

VOLUNTEERS NEEDED FOR CENTRAL FLORIDA CAREER DAYS

We are less than eight weeks away from holding our Sixth Annual Central Florida Construction Career Days event on March 25, 26 and 27, 2008.

We are in need of volunteers to work at the Central Florida Construction Career Days Event on March 25, 26 and/or 27th. We are expecting approximately 2,000 high school juniors and seniors over three days. (don't let the numbers scare you off!)

You can be a guide (small group with teacher/chaperon) or help in other areas at the event. The students will be taken to learning labs where they can participate in hands-on demonstrations in all areas of the Transportation Construction Industry, including Construction, Materials, Traffic Operations, Survey, Structures, etc; Exhibitors - talk to the company representatives and Operate heavy equipment.

If you are interested, please approve through your supervisor and notify:

Lorie Wilson (386-943-5346)(lorie.wilson@dot.state.fl.us) or Cheryle Kirby (386-943-5345)(cheryle.kirby@dot.state.fl.us).

The purpose of this event is to introduce students from Volusia, Brevard, Orange, Osceola, Seminole and Lake County High Schools to the wide range of employment opportunities, for high school graduates and college graduates, available in the transportation construction industry in a fun and interactive way.

As more people visit or relocate to the State of Florida, the need for qualified construction industry workers grow. Everything from roadways to homes and shopping centers are necessary to support the increasing population.

We encourage you to visit the Central Florida CCD website at WWW.CCDFL.COM
