

Are you looking for some good quality people to add to your team?

2008 Project Graduation Career Fair coming up!

April 17th from 9:30 – 2:30pm at the Amway Arena, Orlando, FL.

Every April, The Employment Guide sponsors a Project Graduation Job Fair. See attached flyers.

This one day recruitment event is open to the general public and hundreds of job seekers show up looking for new opportunities. Orange County Public Schools also buses over 300 graduating seniors to the event as a field trip to help them find that next step. In addition, we get a nice turn out from the local colleges. We send the info directly to the career placement counselors and they do a mass email to their student body letting the students know what companies are recruiting and what types of opportunity.

Those unable to attend the event fax or email their resumes, and we put those on disc by industry and give them out to the companies attending our event. Last year, we had over 700 resumes sent in. Please let me know if you would like to be added to our list of vendors. We list all of the companies attending on our marketing materials.

*This event, our national video production team is coming to interview companies and put together a video that we will host on our national recruitment website. It's free publicity for your company on a national level. Our corporation chose the Orlando career fair because they know that we put on the best event in the country.
