

FLORIDA TRANSPORTATION BUILDERS' ASSOCIATION, INC.

HALL OF FAME

Started in 2004 by the Florida Transportation Builders' Association Board of Directors, the Florida Transportation Builders' Association, Inc., Hall of Fame honors, preserves, and perpetuates the outstanding accomplishments and contributions of individuals that have brought and continue to bring significant recognition to the State of Florida in the field of transportation construction.

The transportation construction industry is delighted about the creation of a Florida Transportation Builders' Association Hall of Fame. Individually and collectively, our industry makes significant contributions to the advancement of engineering and technology, leading to an enhanced economic, cultural, and political future for the state and nation. Those honored will serve as symbols inspiring others to pursue rewarding and challenging careers in all transportation construction fields.
