

November 8, 2007

The Orlando Employment Guide is a weekly recruitment publication that helps job seekers locate opportunity in the market. We are available for free in Orange, Osceola, Seminole, Lake and Volusia Counties; and we work together with agencies who help people find work such as Workforce of Central Florida, Orange County Public Schools, Valencia Community College, the Hispanic Achievers, and AARP.

Currently in the Central Florida market, we have a lot of guys out of work in the construction industry. We are contacted daily by people who are asking for information on companies that may have needs. The construction and skilled trades companies we currently work with are fully staffed. We are looking for ways to touch base with construction companies and contractors who ARE hiring. The Department of Transportation says that there are many projected renovations and expansions planned for the Central Florida area. Let us know if we can assist FTBA members in staffing their projects and help the unemployed skilled laborers find a source of revenue.

Thank you for your time and consideration.
